

Features

Professional Quality Coffee Grinder

- The only home coffee grinder built to industrial quality and performance standards.
- Unique multi-stage grinding system insures the very best flavor, no matter what grind you choose.
- Extra heavy duty, high performance drive train ensures reliability and long life.
- Holds one full pound of coffee beans and keeps them fresh for days, eliminating daily handling of beans.
- Safety switch prevents grinding of beans before the coffee collector is in its proper position.
- Coffee collector holds up to 5 oz. and makes for easy delivery to a quality BUNN filter and funnel.
